

STREEMIN WEBSITE

The streemin website is at www.streemin.co.uk

You have found this information file from a dropdown in the app, so you already have an account.

You can log into the website with your login details.

The website allows the creation of many types of channel for many types of live stream.

- Steaming from a webcam.
- Streaming using an encoder.
- Linking a live stream from another source such as Youtube.
- Linking a live stream from an ipcam
- Using 'screen capture' on an ios device to live stream your screen – maybe when playing a game
- Streaming from a DJI drone.

Full details are on the website.

Happy streemin
